LEGISLATIVE PROGRAM

(Mr. SCALISE asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. SCALISE. Madam Speaker, I rise to inquire of the House majority leader the schedule for next week.

Madam Speaker, I yield to the gentleman from Maryland (Mr. HOYER), my friend and the majority leader of the House.

Mr. HOYER. Madam Speaker, I thank the gentleman from Louisiana, the Republican whip, for yielding.

Madam Speaker, on Monday, the House will meet at 12 p.m. for morning hour and 2 p.m. for legislative business, with votes postponed, as usual, until 6:30 p.m.

On Tuesday and Wednesday, the House will meet at 10 a.m. for morning hour and 12 p.m. for legislative business.

On Thursday, the House will meet at 9 a.m. for legislative business.

Next week, the House will consider legislation to address inflation and help bring down costs for Americans. The House will consider the Lower Food and Fuel Costs Act from the Committee on Agriculture and the Committee on Energy and Commerce to address food prices and help bring down the cost of fertilizer for farmers while providing more affordable options at the gas pump for Americans.

The House will also consider S. 3580, the Senate-passed companion to JOHN GARAMENDI's Ocean Shipping Reform Act, under suspension. We passed it previously, and it is in the Senate. However, this is a compromise with which Mr. GARAMENDI agrees. This legislation will address continued supply chain problems and ensure the fair and expeditious flow of goods in and out of our ports, helping lower costs for American consumers and bolstering our domestic agriculture products.

Additionally, Madam Speaker, the House will consider H.R. 2543, the Racial Equity, Inclusion, and Economic Justice Act, from Chairwoman MAXINE WATERS and the Financial Services Committee to promote racial equity and fair access to economic opportunity for those who are facing discrimination or bias. This will help families who are challenged in accessing financial services and housing at a time when every dollar is critical.

Finally, Madam Speaker, the House will also consider H.R. 2773, Representative DEBBIE DINGELL's bipartisan Recovering America's Wildlife Act.

The House will consider other bills, Madam Speaker, under suspension of the rules. A complete list of suspension bills will be announced by the close of business tomorrow. Additional legislative items, of course, are possible.

I thank the gentleman for yielding.

Mr. SCALISE. Madam Speaker, I wanted to ask, specifically, there was some talk that we may today take up the Senate bill, the bill that passed over a month ago in the Senate, to give stronger protections to Supreme Court Justices and their families.

Of course, yesterday, something that angers a lot of us—Justice Kavanaugh, there was an arrest of a man that was at his house, attempting to murder Supreme Court Justice Kavanaugh. This is something we have expressed concern about for weeks, especially some of the language directed at Supreme Court Justices, people encouraging people to go to their houses.

There was a bill that had bipartisan support that passed the Senate over a month ago to give them stronger protections. We thought that may come up today. I don't hear it on the schedule. Can we get a vote on that bill when we come back early next week on the suspension calendar to get that bill sent to the President's desk to get that in motion quickly?

Madam Speaker, I yield to the gentleman.

Mr. HOYER. Madam Speaker, I thank the gentleman for his question. I think it is a very relevant question. I am hopeful that we can move that as early as possible.

I want to tell the gentleman the reason he thought that it might be moved this morning was because last night, I thought I had, after discussions with Senator CORNYN, a way forward that both the Senate and the House could agree on. Unfortunately, this morning, that appeared not to be the case.

We are trying to pursue that because we believe that it is a critical piece of legislation, as are the pieces of legislation we are considering.

I will tell the gentleman that the incident that occurred last night, of course, was covered, as the gentleman, I am sure knows, by the present security arrangements for Supreme Court Justices. The gentleman was taken into custody and apparently didn't get close to the house because of the security.

Nevertheless, we share the gentleman's concerns about the security for our Supreme Court Justices and, frankly, their families, their residences, as we are for the officers and clerks of the Supreme Court and their families and their employees.

So, the answer to your question is that is a priority item that I hope we can get done very early next week.

Mr. SCALISE. Madam Speaker, I hope that we can get that early in the

week put on the suspension calendar, in the form the Senate sent over where there is broad agreement on both sides of the aisle, and get that to the President's desk to get those stronger protections in place.

Finally, I would like to ask the gentleman, we have talked about this bill a number of times, H.R. 6858, which is a bill dealing with American energy independence, to open up more areas of our country to American energy production so that we don't have to be reliant on foreign countries, whether it is Russia, Venezuela, Iran or, now, the President is going to go to plead with Saudi to produce more energy when America has more energy that we could be producing that we can't because of current policies by President Biden.

This would open those up. It would allow us to lower gas prices. It would allow relief to families who are struggling because of these energy policies that are hurting our ability to produce in America and making us more dependent on countries that are cartels or monopolies, whether it is OPEC or other countries where they want they want a higher price. They want to limit production.

We want to open up American energy, and that is what that package of legislation would do.

Can we get that bill added to the calendar quickly, hopefully next week, so that we can help get relief to families who are trying to plan a family vacation and can't afford to pay \$4.50, \$5 a gallon or more for gasoline?

I yield to the gentleman.

Mr. HOYER. Madam Speaker, I thank the gentleman for his question. He has mentioned this before. I am talking to the committee whose jurisdiction this bill is in to consider what they want to do with it, and I am waiting to hear back from them.

Mr. SCALISE. Madam Speaker, hopefully, we can get that addressed as well so that we can tackle some of these other problems: inflation, high gas prices, border issues that we are trying to bring legislation on.

If the gentleman has nothing else, Madam Speaker, I yield back the balance of my time.

HONORING THE LEGACY OF MANUELITA GARCIA

(Mr. GARCÍA of Illinois asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. GARCÍA of Illinois. Madam Speaker, I rise today to honor the life of Manuelita Garcia.

Manuelita was a force to be reckoned with, a fierce advocate for justice, a true fighter for the community, and a longtime Little Village resident.

On Mother's Day, 2001, Manuelita launched Madres de la Villita to demand the construction of a promised high school in our neighborhood. I joined her and others as they initiated
